

ZIRKONA OUTDOORS

Zirkona originates from the Swedish countryside and is genuinely designed for its rugged landscape. This lightweight mounting solution's precision manufacturing and rugged nature deliver a premium mounting solution for various device electronics. Engineered for recreational enthusiasts, sportsmen, and marine goers in mind.

MARINE ELECTRONICS MOUNTS & ACCESSORIES

7160-1846
Large Marine Electronics Mount for Garmin®, Humminbird® and Lowrance®

- Great protection from the elements with the black anodized finish and stainless steel handle
- Holding up to 11 lbs. standing at 6.75" makes this a very strong mount for the biggest of devices
- Device plate accommodates devices from Garmin, Humminbird, and Lowrance using the plate shipped with the device
- Easy adjustment is achieved through the ball and socket joiner

Weight	Height	Width	Depth
1.95 lbs / 0.88 kg	6.75 in / 17.15 cm	6.25 in / 15.88 cm	3.75 in / 9.53 cm

7160-1871
Extra-Large Marine Electronics Mount for Garmin®, Humminbird® and Lowrance®

- Heavy-duty and extra-large marine electronics mount holds your graph in place, to and from the dock With 30 lbs. of holding power, you nearly eliminate the 'droop' your current or old mount has
- Internal "brake" puts resistance on the ball to help aid in adjusting your graph
- One simple turn of the lever can swivel and tilt to your desired spot

Weight	Height	Width	Depth
2.5 lbs. / 1.3 kg	8.25 in / 20.96 cm	9 in / 22.86 cm	3.87 in / 9.83 cm

7160-1877
1"-14 VHF Antenna Mount

- Ultimate adjustability to fine-tune antenna reception
- Fold down the antenna when traveling on the road with a simple turn of the lever
- Included cable channel adapter (3/4" tall) to route your antenna's cable safely out of the way
- Made from anodized aluminum and stainless steel for great protection from mother nature
- Works with most VHF antennas including Shakespeare®

Weight	Height	Width	Depth
0.74 lbs. / 0.34 kg	5.75 in / 14.61 cm	3.25 in / 8.26 cm	2.5 in / 6.35 cm

7160-1847
6" Marine Electronics Mount for Garmin®, Humminbird® and Lowrance®

- One handle can control the ball joiner in tilt and swivel capability allowing for endless angles
- Each joiner features a down (notch) to allow 90-degree angle for a wide range of motion including tilt and swivel
- The brake feature is maintained in both joiner ends allowing for smooth, assisted movement for your device
- Obtain complex angles with each joiner offering swivel capabilities.

Weight	Height	Width	Depth
1.75 lbs / 0.79 kg	9.5 in / 24.13 cm	6.25 in / 15.88 cm	4.75 in / 12.07 cm

7160-1741
Action Camera Mount for GoPro and others

- The screw clamp grasps around many surfaces on your ride and holds tight for the best video.
- Adapter does NOT include tighten knob. Must use knob from camera.
- Easy adjustment is achieved through the joiner
- All glued assembly provides a finished and purpose-built solution for your ride of choice

Weight	Height	Width	Depth
1.2 lbs / 0.54 kg	4.88 in / 12.4 cm	4 in / 10.16 cm	3.75 in / 9.53 cm
