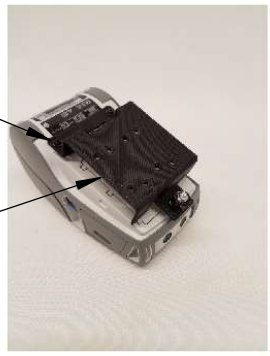
ZEBRA ZQ610/ZQ620 PRINTER MOUNT	**Printing Spec:** PS-001	

This instruction sheet is for the Gamber-Johnson 7160-1473 printer mount only. For information on the Zebra ZQ610/ZQ620 printers see the manuals supplied with the printers.

Attaching the printer mount to the printer:

1. With the printer positioned upside down, remove the battery and insert the ball stud into the opening on the bottom side of the printer. Then reinstall the battery.
2. With the bracket in place, install the (2) #4-40 x 1/4" long machine screws and flat washers provided in hardware bag 7120-0943.



Attaching to a motion attachment:

1. The printer (with mounting bracket attached) can now be mounted to a motion attachment like a 7160-1466 or other type of motion attchment with the AMPs hole pattern.
2. Attach the printer mount to the motion attchment with the (4) #10-32 x .75 machine screws, flat washers, and lock washers provided in hardware bag 7120-0943.

Product Mounting Disclaimer
Gamber-Johnson is not liable under any theory of contract or tort law for any loss, damage, personal injury, special, incidental or consequential damages for personal injury or other damage of any nature arising directly or indirectly as a result of the improper installation or use of its products in vehicle or any other application. In order to safely install and use Gamber-Johnson products full consideration of vehicle occupants, vehicle systems (i.e., the location of fuel lines, brake lines, electrical, drive train or other systems), air-bags and other safety equipment is required. Gamber-Johnson specifically disclaims any responsibility for the improper use or installation of its products not consistent with original vehicle manufactures specifications and recommendations, Gamber-Johnson product instruction sheets, or workmanship standards as endorsed through the Gamber-Johnson Certified Installer Program.
